Believe me too that rugged souls. Beneath their rudeness hide

In all there is an inner depth, A far off secret way. Where through the window of the soul God sends has smiling ray. In every human hourt there is A faithful sounding chord That may be struck unknown to us By some sweet loving word. The way ward man in vain may try

fir. -It is a source of deep regret to the inhabitants of Newmarket, that your protracted illuess fellow! Could you not obviate this a little by giving us some insight into their proceedings; so that al the least to may know by what laws we are gorerned. Sometime since there was a petition prescuted numerously signed, against liceusing saloons, which was taken up at once, and acted upon, and at the last sitting of the Council another petition Mr. McDougall's return for the Kiding | was presented (as numerously signed and quite as of Oxford, vacant by Mr. Brown electing for [inducatial) praying the Council to take such steps, Toronto, is considered beyond doubt; and in providing the necessary sparatus, as would be of let me preach Jesus and the Resurrection to my out the Province should take place on the be referred to the said Committee. t) Committee to report ou, when they please, how they please, and pass what they please, as the Committee will be almost certain to rote for their own report in Council.

Now one would have thought that the Conneil would have acted as promptly with this petition, as the other, after the warning they have had in three Fires occurring in our midst so recently ; and lead it not been for the exertions of the inhabitants Newmarket would have been an imsightly mass o ruins, and more than probably some poor child o human being, sacrificed in the flames to the tardiness and incremess of our Council. It is no argument to say that we have escaped so far, and that there s no necessity for an Engine, or even a Fire company,-the excapes we have had were most provi dential, and too much credit cannot be awarded to those individuals, who acted so promptly at the late Fires, altho' some folks thought proper to

have been no necessity of a petition but as the petition was scut in why did they not treat it with the same courtesy as the former one ?.. Why, I ask, did not the Council go into committee of the whole and take the matter up after the Fire on Main St? Why did they not ascertain whether those ancient relics of Old Feguism which have stood by the madside for months (called Fire Engines !!!) could be made available and not oblige the rate. payers to be patitioning for every glaring necessary. thing to be done.

Newmarket, April 13, 1859.

To the Editor of the New Era. MR. EDITOR.-The Temperance Cause has many friends in the Towns and Villages through which I have recently passed, as a lecturer. At Wellington Square the Sons of Temperance have a very handsome, well furnished Hall. and Sons and Daughters organized. They are

alive and kicking the enemy. In Van Norman's neighborhood in Nelson Township I found a very strong Lodge of Templace. The Templace as well as Sone are rapidly increasing. There are now 250 or more Lodges of Templats, and upwards of 300 Di visions of Sons.

At Oakville the Sons and Cadets are atrong. They also have a large Hall. The Cadeta there held a grand Festival recently.

Port Credit deserves credit for the creditable manner in which it has came out against the discreditable vice of Intemperance. A vice which if a man follows up, I know by bitter experience, will not only leave him without credit, but likewise without a crust! In Port Ministry kely to have considerable trouble | Credit there are Sons, Daughters and Cadets organized, and a neat Hall.

In the smart village of Palermo the Sons are 80 strong, and growing stronger.

At the Ten Mile Creek near St. Catherines we had a big meeting on the 31st, one of the best I have had this Spring. Many a time. have been on sprees in the taverns within a few yards of the Church in which on this occasion I preached CHRIST to my fellow men as the great Physician who had healed mo, and was waiting and willing to heal all who would come to Him. See Isniah Bith Chapter, also St.

John 3rd, 4th and 6th Chapters. At the Town of Whitby on the 1st of April we had a good time in Smart's Hall. The Saloons have been snuffed out by the Council. urged on to duty by the voters who make Councillors, in Whitby. I feel the truth of this, and I desire all Purliamentary Reports, we perceive that Mr. Sons there are 138 strong, and as one Daughter Brown stated upon the floor of the House, is as good as four Sons, you will perceive they that Mr. Me Dongall would be reformed with | are the strongest in Ochaws. The Devil officiales very (requently in the pulpits of Canada. By his nose ye may sometimes know him, as well as by his strong horns. Horns of gin, whiskey and Brandy. A Clargyman in the Ningara District; a notorious man for cognac comfort, recently complained to, a Rev. friend of mine that he could not afford to buy brands any more since the money panie came on, and had to put up with common whiskey! Poor scandalously intemperate creatures as, Clergymen! This man does not belong to the Scotch Church Mr. Editor, so brother Boyd needn't get itchy when he reads this, neither is be a Baptist, por yet a Roman, and he is not an lu-

dependent either. At Brooklyn on the 3rd of April we had another good time. The meeting was addressed by Poelmaster Dailington, Editor of the Ontario Times, George Potter, Faq., and myself. The Templars at Brooklin recently received between 25 and 30 new members. I officialed for the Wesleyan Church on Easter Sunday fellow sinners. Who can call the Wesleyans bigoted or uncharitable after this! In the afternoon I attended the Presbyterian Church and heard an excellent sermion by Rev. Wm. King, an able and very agreeable gentleman and Christian. Every real Christian will always be gentle in his manners. He preached on the importance of correct training for children, and very correctly dwelton the importance of Parents setting good examples. How many drunkards have been made by Parental example in the use of liquor! A state of the little

At Prince Albert a smart place with a loyal name, we had a great crowd on the 5th instant. Abner Hord, Esq., F. Davis, Esq. of Brock, Rev. Mr. Savage and myself spoke to the people. Roy. Mr. Savage moved me a vote of thanks, and the people gave me something that will go farther in paying my expenses than would go If the Council had done their duty there would the most cordial vote of thanks that I receive, and I get plenty of them. The Sons and Templars are strong at Prince Albert. The Observer is friendly to the cause. Temperance men should see to it that as well as the Canada Temperance Advocate of Montreal, the newspapers friendly to the cause are well sustained. The mer folks are never slow at shelling out the shiners to keep up their pet organs !

At Bowmanville with Rev. John Smith in the Chair we had a very small meeting on the 6th. I presume the special religious services going on in the town Churches kept away many of my friends of whom I have many in all the Chareles in Bowmanville. Rev. Mr. Graves handed me a letter from brother Rev. W. Barrass of Primitize Methodist Church apologizing for not being able to attend as he had to go to Conference, Teled to attend Rev. Mr. Barrass' Meeting in Totonto, the Spring and Summer before I was called out of darkness into light, love and liberty, by a merciful God and Saviour. Rev. Mr. Barrass is an earnest honest man, and loves Jesus and all who are following on to know the Lord, whom to know aright is life eternal, see St. John 6th and Romans 5th and 8th chapters. The Editors of the Sons made every arrangement for me at Bowmanville and as on a former occasion treated

me with great respect and liberality. In the place, Newcast'e, last evening in the Orange Lodge Hali, we had a fine audience. opened with prayer by Rev. W. Philp, Cemplate here are 50 strong and are going ahead. I have appointments for each evening up to the 29th when, if spared, I will be Cornwall, after which I expect to go into Glengarry and meet my warm hearted Scotch friends who made me so welcome there last Spring. like the Highlanders.

The friends of Temperance have every reason to be encouraged. The signs are good of a great revival of the work, and let us labor, and pray for it. I see Malcolm Cameron the Lithful friend of the Cause is moving in the House, more to try our strength, I presume, than anything else during the present Session. The Church in many places is moving, and I have far more hope in the Charch than in the Assembly; I see the Session of the United Presbyterian Church at Hamilton have came out nobly for Total abstinence, and have called upon the ministers and members to act for total abstinence principles. Let al! Conferences, Churches and Synods do likewise, and as the Canada Christian Adrocate exit in u recent number we would scarcely need a Maine Law. think while the Wesleyan Church excels ministers for tippling, as it did at last Conferance, it should see that the discipline is more faithfully enforced in such places as Toronto City where there are browing, brandy-bibing, and wine-bibling Wesleyans by all accounts a liegrace to so respectable a Church. Let va have the discipline enforced on members as Well as Ministers I say for one. Wesley called onor sellers " poisoners general of Ilis Majesty's subjects," and a greater than Wesley speaks in Isaiah 5th and 28th Chapters, in Prorerbs 20th and 23rd, Habakul 2nd and Romana 14th Chapters.

I saw recently in the Christian Advocate and Journal that the startling statement has been made that it will require more than aix hundred years to supply every heathen in the world with a copy of the Scriptores, if Bible Societies have only their present income, and som annually spent in Great Britain for strong drink ! . Remember this friends.

Archideacon Jefferson says that for every heathen brought to Christ as the result of Missionary labor the drinking usages of Great Britain destroy one thousand souls! Remem-

It is gratifying to notice that our principles are gaining ground in Britain; the Maine Law petition was signed in Glasgow by 18,000 men, nine tenths of whom were Inborers and many drunkaids, who said " That's the thing for us. While I would throw no obstacle in the way of the law I would affectionately say to all slaves of the bottle I have proved the Grace of God the thing for me, and it has done for me what six terms in jail as a street loafer, and sixty failed to do. Let me say to my unconverted brother that "they who believe have Christ in their hearts; heaven in their eyes; the world under their feet ! God's spirit is their guide ; men to feel the same.

Mr. Hartman said that by Mr. Baldwin's bill the power was very properly taken from the sheriffs of selecting juries, in order that there might not even be the appearance of juries being packed. From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but becomes united with the blood, for they find way to every parl, and completely rout out and cleause the system from all impurity. and the life of the body, which is the blood! becomes perfectly healthy; consequently al, siekness and pain is driven from the system, for they cannot remain when the body becomes

so pure and clear. The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be east out; hence, a large quantity of food and other matte is lodged, and the stomach and intestines are literally overflowing with the corrupted mass thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery until life is taken from the body by disease. Dr. Morso's PILLS have added to themselves victory upon victory, by restoring mil

lions of the sick to blooming health and hapiness. Yes, thousands who have been racked or to:mented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elemeous of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pair and anguish, but they at once go to work at the foundation of the

disease, which is the blood. Therefore, it will he shown, especially by those who use these Pills, that they will so cleane and purify, that disease-that deadly enemy-will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.
